

INTEGRATION GUIDES

TENANT DOMAIN CONFIGURATION

When creating a tenant:

- System auto-generates a subdomain from Company Name

Example: acme-corp.seamless.test

TENANT ISOLATION

Each tenant:

- Uses isolated DB
- Maintains independent event, donation, settings data
- Has separate branding (logos, names)

QUICKBOOKS INTEGRATION

Located at Settings → QuickBooks

FUNCTIONS:

- Connect to one or multiple QuickBooks accounts
- Sync accounting ledger codes
- Disconnect individual accounts
- Maintain financial alignment with events, orders, donations

PAYMENT GATEWAY INTEGRATION

Gateways can be assigned per:

- Event
- Group Event
- Donation Campaign

SUPPORTED GATEWAY STRUCTURE:

- Stripe
- PayPal
- Test Payment

INVOICE INTEGRATION

Invoice templates can be selected per event. Invoice pattern customizable in Settings → Invoice Settings
